

THE TOPRICIN® FAMILY OF PAIN RELIEF AND HEALING CREAMS

From Topical BioMedics, Inc.

The research and development leader in topical regulated natural medicines

Topricin® Pain Relief and Healing Cream Introduced by Topical BioMedics, Inc., in 1994, Topricin® Pain Relief and Healing Cream is the nation's leading natural therapeutic topical treatment and is used by doctors and in hospitals across the country. The innovative, FDA-regulated formula brings together 11 homeopathic medicines that work synergistically to relieve pain associated with a wide range of ailments and injuries, including: fibromyalgia, arthritis, lower back and shoulder pain, sciatica, Carpal Tunnel Syndrome, and trauma and sports injuries. Rather than masking pain like most other over-the-counter (OTC) topical pain relievers, Topricin stimulates the body's natural healing process. The greaseless, odorless formula is paraben and petroleum free, and contains no volatile oils, menthol, camphor, capsaicin, or other harsh ingredients. Topricin's medicines work naturally-- without any known side effects, drug interactions, or contraindications--for completely safe, effective, rapid healing. www.topricin.com

Topricin® Foot Therapy Cream Topricin® Foot Therapy Cream is specially formulated to address foot and ankle pain. It's perfect for sports injuries, including plantar fasciitis, Achilles tendonitis, leg cramps, and shin splints, as well as impact injuries, bruising, sprains and strains. Topricin Foot Therapy Cream offers relief for heel pain and heel spurs, gouty arthritis, peripheral neuropathic pain and neuroma. It provides soothing relief for swelling and soreness, and treats skin conditions of the feet—without grease or odor—and is safe for diabetics to use. As a travel companion, it helps relieve tired, aching feet. Containing 14 homeopathic medicines that work synergistically to relieve pain and reduce inflammation, Topricin Foot Therapy Cream stimulates the body's natural desire to heal the damage that is causing the pain. Paraben and petroleum free, it quickly penetrates skin like a fine moisturizer so people can enjoy a more pain-free quality of life and kick up their heels again. www.topricinfoot.com

Topricin® Junior Topricin® Junior Children's Pain Relief and Healing Cream is specially formulated for kids. Pediatrician recommended, this paraben-free, patent-pending formula treats pain associated with a wide range of common children's injuries. It is perfect for muscle sprains and strains, eczema, back, heel and knee pain, and overall growing pains. Odorless and formulated for easy absorption, it's also a multi-purpose healing cream for everyday bruising, scrapes, scratches, minor burns and insect bites. Topricin Junior does not contain any of the hazardous active ingredients found in many over-the-counter (OTC) oral pain medications, such as acetaminophen and ibuprofen, and uses no volatile oils such as camphor, menthol, and other irritating chemicals used in most OTC topical analgesics. Rather, it stimulates the body's desire to heal the damage that is causing the pain. With Topricin Junior, parents can take comfort in knowing that they are using a natural, safe, effective pain relief treatment on their little ones. *5% gross sales donated to children's health charities.* www.topricinkids.com
